

Table with 30 columns and 30 rows of numerical data. The table is organized into two main sections: '上段: 浸水(m)' (Upper section: Waterlogging (m)) and '下段: [地盤高(T.P.M)]' (Lower section: [Ground level (T.P.M)]). The data consists of a grid of numbers, likely representing elevation or depth measurements at various points.

凡例  
[2.11]  
[2.161]  
[地盤高(T.P.M)]
