

Table with 100 columns and 100 rows of numerical data. The table is organized into sections: '上段: 浸水深(m)' (Upper section: Immersion depth in meters) and '下段: [地盤高(T.P.M)]' (Lower section: [Ground level (T.P.M)]). The data consists of a grid of numbers, likely representing depth or elevation measurements at various points.

凡例
上段: 浸水深(m)
下段: [地盤高(T.P.M)]

11.12.61

[地盤高(T.P.M)]
