

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header row and a header column. The header row contains values from 0 to 100 in increments of 25. The header column contains values from 0 to 100 in increments of 1. The main body of the table contains numerical data points for each cell.

Diagram showing a cross-section of a water body. The top part is labeled '上段: 浸水深(m)' (Upper section: Water depth (m)) and the bottom part is labeled '下段: [地盤高(T.P.M)]' (Lower section: [Ground level (T.P.M)]). A vertical dimension line indicates a height of 2.11 meters, with a note '[12.61]' next to it.
