

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section at the top right. The header includes '上段: 浸水深(m)' (Upper section: Immersion depth (m)) and '2.11 [12.61]'. Below this is '下段: [地盤高(T.P.M)]' (Lower section: [Ground level (T.P.M)]). The main body of the table contains numerical values for each cell, representing data points for the two sections. The values are arranged in a regular grid pattern, with some cells containing specific identifiers or codes.

上段: 浸水深(m)
2.11 [12.61]

下段: [地盤高(T.P.M)]
