

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section on the right side. The header section includes labels for '上段: 浸水深(m)' (Upper section: Water depth (m)) and '下段: [地盤高(T.P.m)]' (Lower section: [Ground level (T.P.m)]). The main body of the table contains numerical values for each cell, representing data points for each row and column. The values are arranged in a regular grid pattern, with some cells containing specific values like 1.11, 1.12, etc., and others containing more complex expressions or symbols.

凡例  
上段:  
浸水深(m)

下段:  
[地盤高(T.P.m)]
