

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header row and a header column. The data is presented in a dense, repetitive format, likely representing a technical or scientific dataset. The table is divided into two main sections: '上段: 浸水深(m)' (Upper section: Water depth in meters) and '下段: [地盤高(T.P.M)]' (Lower section: [Ground level (T.P.M)]). The data values are small integers, often with a subscript in parentheses, such as '0.05 (1.33)'. The table is labeled '凡例' (General Example) in the top right corner.

上段: 浸水深(m)

下段: [地盤高(T.P.M)]
