

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header section on the right side. The header includes '凡例' (Legend), '上段: 浸水深(m)' (Upper section: Water depth (m)), and '下段: [地盤高(T.P.m)]' (Lower section: [Ground level (T.P.m)]). The data values are small integers, likely representing elevation or depth measurements. The table is divided into sections by a vertical line, with the rightmost section containing the header information.
