

Table with 100 columns and 100 rows of numerical data. The table is organized into a grid with a header row and a header column. The header row contains numbers 1 through 100. The header column contains numbers 1 through 100. The main body of the table contains numerical values, likely representing data points for a specific study or experiment. The values are arranged in a regular grid pattern, with each cell containing a single number. The numbers are mostly integers, ranging from 1 to 100, and are arranged in a way that suggests a specific pattern or sequence. The table is titled '41-38' at the top center.
