

Table with 100 columns and 100 rows of numerical data. The table is organized into four quadrants: top-left (0-50 columns, 0-50 rows), top-right (50-100 columns, 0-50 rows), bottom-left (0-50 columns, 50-100 rows), and bottom-right (50-100 columns, 50-100 rows). The data values are small integers, likely representing a grid of measurements or coordinates.
