

Large grid of numerical data representing water depth (m) and ground level (T.P.m) for various locations. The grid is organized in columns and rows, with values ranging from approximately 0.1 to 10.0. The table is divided into sections by a vertical line, with '上段' (Upper Section) and '下段' (Lower Section) labels on the right side.

凡例 (Legend) section containing a diagram of a water level measurement point and labels for '上段: 漫水深(m)' (Upper Section: Flood Water Depth in meters) and '下段: [地盤高(T.P.m)]' (Lower Section: [Ground Level (T.P.m)]).
